

The Heart is energy. It also responds to other energies. This includes the physical self and energetic circumstances, projections, alignments, and correspondences.

The Human Heart is visually represented as a *Chakral diagram* – It is one of the 7 core chakral diagrams that represent *open healthy-balance and activation*.

The diagram recognizes *the Lotus Flower*. The Lotus Flower is a symbolic plant of *auspicious recognition*. Given its ability to 'open & close', it is shift conscious. It recognizes the 'solar attribute' of Light source and the absence of source *beyond the plant's integrity* returning to Sun. The system of the plant functions as a complex relationship below water (root system for growth) *aware of its conscious environment* and also *with mind & clarity*.

The salvation of the complex lily pad is *conscious as much as* the complex floral structure. We love Lily pads here at Sienna Art Space. The Lotus is *directionally strong & point operative in compass understanding*.

The Heart Chakra has an open & closed (*shift state to expression*) that should be *monitored awareness* and given its 'fluctuation' potential – We recognise the importance of closing down, for balance & safety, as well as being aware of our alignments, protective rights in engagement & through daily activity. All of which is *energy activity* considered & responded to.

The Heart Chakra is a recognition for our Emotional Field body. Our Emotional responses often reside as chest-inferred experiences and they are not restricted to energy-cognizance observed & felt elsewhere in the physical body. Our Heart understands with Energy Intelligence.

The Heart recognizes it's own Soul direction and **Conceives.**

The Heart is a very imbued energy with Intuition.

Understanding resonance is thus a Powerful soul script that can only be personally responded to.

The Heart is understood naturally through connecting to various ideas & recognitions in Faith.

- Do you have a Sacred Heart?
- Do you have a Gypsy Heart?
- What do you keep close to your Heart?
