

Blue Consciousness is not just the Indigo Awareness that connects conceptually to the Divine.

Colour recognitions and associations are as broadly understood in our world as there are people who interpret them.

Take to the *Subconscious Sky* to recognise Blue Currents and 'Colour Song Oracles' found on our site (affirmation palettes).

“ Drop a vertical, look out to the horizon and look up to see and acknowledge Cerulean, leans into Cobalt & directly above (There’s a little French in this) ”.

- Erin Kathleen Muir

The Subconscious Blue is a little bit romantic, very much so divine and with Expressive territory.

Blue Consciousness is a part of Enquiry into Many Animals (fascinations in broad terms).

Bowerbirds have a Violet fascination of resonance and are known to collect Blue Vibrations amongst other earth – resonating colourants. The Male Bowerbird is known for it’s eye colourant as a cuing amongst tertiary-bush terrain.

It is one of those examples, like the *Tawny Frogmouth* (**Wisdom Vibration**) that vibrates **Intelligently** and **with correspondence (Empathic Resonance)**.

You can read more about **Colour Exuberance** soon and with appreciation for **Colour Songs** as part of our Studio history. Birds and Vibration are also a feature of the **Bird Song Oracle**. I look forward to sharing these with you.

Our **Celestial Blue Workshops** are now part of Kindred Workshops and incorporate ideas of resonance (Blue Currents).
